ACI Named Sales Representative for Nelson Heat Trace in Western New York State
July 1, 2003

WEST SENECA, NY - ACI Controls, Inc., a distributor and manufacturer's representative of process control equipment and related instrumentation products, has been appointed an authorized sales representative for the Western New York State by Nelson Heat Trace. ACI now has responsibility for the entire Upstate New York trading area.

Nelson is a manufacturer of a broad range of heat tracing products. Products include Self Regulating and Constant Wattage Cables, Mineral Insulated Cables, Flexible Tank Panels, as well as Custom Control and Monitoring Systems. The company also develops Integrated Control Communication Software connecting heat tracing control into DCS and /or PC Systems for centralized monitoring and operation

ACI Controls, Inc., headquartered at 295 Main St. in West Seneca, NY, distributes broadly diversified lines of industrial instrumentation products, accessories and assemblies, including: gauges, calibration equipment, valves, fittings, sensors, flow meters and switches throughout NY and northwestern PA. ACI also provides repair, calibration and engineering services, and fabricates specialty sub-assemblies. The firm has been in business since 1945 and has offices in Buffalo, Syracuse, Binghamton and Albany, NY.
